

# **FISCAL NOTE**

## **SR 112**

April 18, 2006

**SUMMARY OF BILL:** Encourages the Governor to provide, as an earmarked appropriation in the General Appropriations Act for FY06-07, funding in the form of financial aid assistance to undergraduate students during their student-teaching experience in public schools in the state.

### **ESTIMATED FISCAL IMPACT:**

**Other Fiscal Impact – If the intent of this resolution is implemented, state funds earmarked for financial aid assistance to undergraduate students doing student-teaching in public schools would result in a lesser amount of funds reverting to the General Fund to be used for other purposes in FY06-07. Such amount of earmarked appropriations cannot be determined but can reasonably be estimated to exceed \$100,000. If the intent of this resolution is not implemented, then the fiscal impact is considered minimal.**

Assumption:

- Increased funding for financial aid assistance for undergraduate students doing student-teaching in public schools is not included in the Governor's FY06-07 recommended budget.
